

Spanish STEAM

small group classes with Maestra Gaby!

Goddard School of Linthicum

Students will immerse themselves in Spanish through exciting STEAM adventures, creative art projects, engineering challenges, stories, songs, and movement activities. Each week introduces a fun new theme, such as colors, animals, weather, or numbers, helping students build vocabulary naturally through hands-on exploration and play. Taught entirely in Spanish, this engaging class inspires creativity, confidence, curiosity, and a love of language learning!

**Mondays for 8 weeks,
September 21st through November 9th
during a non instructional period in your students' day.
